

Dear Dr. Kim and Safeguards Team,

On behalf of the 235 endorsing organizations representing local, national, and international organizations advocating for the rights of persons with disabilities, I submit the attached red line documents of Environmental and Social Standard (ESS) 1, including Annex 1 and a proposed Annex 2 on accessibility and inclusion, and ESS 10 to show *how* to integrate disability into the draft World Bank Environmental and Social Framework. It is paramount that persons with disabilities can benefit from and are not harmed by World Bank projects, and the attached documents provide detailed language on how to properly assess the impact of projects on persons with disabilities and how to get persons with disabilities involved in all phases of the World Bank project lifecycle.

Please do not hesitate to reach out to me if you have any questions.

Thank you,
Mohammed Ali Loutfy.
